### 7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust

#### Response:

Bapuraoji Butle Arts, Narayanrao Bhat Commerce, and Bapusaheb Patil Science College Digras are doing their utmost to empower rural students, particularly women. It is a university offering undergraduate and graduate programmes. The majority of pupils come from rural backgrounds and has certain innate inhibitions due to their socioeconomic and geographic circumstances. Yet, it is the college's distinguishing achievement that it has achieved intercollegiate games and sports competition position in the last academic years, with one student selected in Amravati university table tennis team to participate in west zone inter university level table tennis competition at Bhopal, and two girls students participating in Khelo India National level judo competition at Mehsana, Gujarat.

#### Academic Achievements in SLET

S.N.	Roll No	Name of Student	Exam Passed	Subject	Year
01	678851	Avinash Bibichand Chavhan	SLET	Physical Science	2022-23
02	677701	Ranjit Sudam Bhagat	SLET	Mathematical Science	2022-23

The unique academic and competitive distinction of the students can only be appreciated by placing these achievements in context. Being one of the remote and rural areas of the state, the students need to be motivated continuously in goal setting and goal realization. The natural diffidence of the students is a hindrance to participation at higher levels. The college addresses this issue by organizing a number of programmes that help the students come out of their diffidence.

Life skill courses, interaction with young achievers, competency improving programmes, NCC, NSS, university-level ICT judo tournaments, and competitive exam

trainings were all organised by the college. These initiatives have been helpful in developing pupils' personalities and instilling a competitive spirit in them. Throughout the academic year, the college conducts a variety of cultural, intellectual, and sporting programming. Our students participate in high-quality training programmes. The academic programmes of the school are designed to broaden the students' knowledge base. All of their efforts motivate them to thrive in both scholastic and co-curricular activities. Students are oriented to a competitive attitude and social obligations in order to tackle future problems. In addition to these, staff members are accessible. Aside from that, staff members are available to students after hours to answer questions and have intellectual discussions. In terms of literature and online reference, the college also provides a fantastic resource.

Students who succeed in academics and co-curricular activities are also given financial incentives by the college. The staff club provides financial aid to the best achievers in the prior qualifying exam at the entrance level. It is apparent that the students were strongly driven by this reward over time. Throughout the year, the college has planned a variety of activities in accordance with the institution's Vision and Mission statements. Power point presentations, videos, and other media are used in the classes. Students are also encouraged to provide presentations utilizing cutting-edge technologies.

A few training sessions are being held in 2022-23 to help pupils improve their skill sets. The college's staff-student relationship is excellent, and it has a beneficial impact on student achievement. Various activities, such as Anand melawa and a cricket match between the staff and Vachan Prerna Din (Staff and Teacher read books in the library in the name of Dr.Abdul Kalamji), serve to establish the rapport. Students are taught to respond positively to environmental concerns through initiatives such as recreational sports, as well as through encouraging them to write papers on environmental science and environmentally sensitive subjects.

College has MOUs with four reputable institutions in the region, which aids in the development of a better academic environment. Aside from these activities, students are encouraged to participate in different extension programmes and community-oriented programmes sponsored by the NSS, NCC, and other organizations. A lot of emphasis is placed on the pupils' personal development. Individual departments and forums have assisted students in developing a variety of interpersonal skills. Among these are career advice efforts that assist students in acquiring the necessary skills. The pupils' personal growth is heavily emphasized.

As a consequence, the natural impediments to academic achievement are removed, and pupils are imbued with increased confidence. In 2022-23, the college received a facelift, and several Staff & students submitted research papers at International, National, and State level seminars. Obtaining SLET and passing lectureship eligibility examinations are simply modest indicators of bigger changes in the college's vision and goal statements.
