About the Department:

Department of Botany establishes in year 1992 with UG program and introduced PG program in 2001. The Department has well equipped lab and recognized research centre of Sant Gadge Baba Amravati University. Also department maintain and developed its botanical garden for study purposes, research and certificate courses like organic farming , nursery and landscape making.

❖ Course Features:

Agriculture with the use of agrochemicals in large amounts has, undoubtedly, resulted in a manifold increase in the production of farm commodities, but the adverse effects of these chemicals are clearly visible in the soil structure, soil microflora, quality of water, food, fodder and food materials. Organic farming is certainly an answer for creating a safe, good and clean environment, and the use of biofertilizers in preference to chemical fertilizers, offers economic and ecological benefits by way of soil health and fertility to farmers. Based on this rationale the Certificate Course in Organic farming Is offered. It is hoped that the information provided in the course will alert and enlighten the UG & PG students about organic farming practices and scopes for future entrepreneurship.

❖ **Course Duration:** Duration of Course is only 30 Hours conducting throughout the year.

❖ **Eligibility:** Any UG/PG enrolled students of our college.

❖ **Student Intake:** 40 Students.

❖ **Criteria for Certification:** 80% attendance is mandatory for both classroom teaching and fieldwork.
